6. The Logbook must be submitted to the Internship coordinator/guide/department/ after successful completion of internship evaluation.

Logbook/Daily Diary#

Sr. No.	Date	Task Description	Status of the Task	Internship Internal mentor with signature
1	16/02/2026	Kick-off meeting with mentor. Finalised project topic — Thinksharp Digital Library. Studied offline-first PWA architecture and set up Next.js 16 project with TypeScript and Tailwind CSS v4.	Completed	
2	23/02/2026	Scaffolded the Supabase backend: created schools, users, books, and reading_sessions tables with row-level security policies and analytics views.	Completed	
3	02/03/2026	Built the React-PDF reader with local CMaps for Hindi and Marathi. Added page-turn tracking and persisted reading progress into IndexedDB via Dexie.js (schema v13).	Completed	
4	09/03/2026	Implemented the offline-first sync queue: mutex-guarded worker, pointsDelta additive sync, MAX_TASK_RETRIES = 3 with poison-message quarantine.	Completed	

5	16/03/2026	Integrated Anthropic Claude API for end-of-book quiz generation and cached results in bookReviews / quizAttempts stores for offline replay.	Completed	
6	23/03/2026	Developed the student dashboard: library grid, avatar selection, streak tracker, and 3-tier leaderboard podium using Framer Motion transitions.	Completed	
7	30/03/2026	Built the admin analytics dashboard with Recharts and React-Simple-Maps — top-line tiles for Total Books, Active Students, Schools Reached, and Cities Covered.	Completed	
8	06/04/2026	Hardened auth flow via src/proxy.ts middleware (admin_session & user_session cookies). Added Google Drive ingestion pipeline for bulk book uploads.	Completed	
9	13/04/2026	Conducted PWA field test, captured screenshots, authored the internship report and diagrams, and prepared final submission for mentor review.	Completed
